# Accident

## Channel 3

I saw you outside, why'd you have to follow me?
You wanted free ride, I just pretended not to see
There was a light rain, I didn't think it was that cruel
I didn't stop then, it's only two blocks to the schoolSteel wrapped around the pole
Hot blood streams on cold cement
Burnt flesh in the air
Don't blame me for this accidentI felt a sharp flash from the corner of my eye
I turned my head then I had the feeling something diedSteel wrapped around the pole
Hot blood streams on cold cement
Burnt flesh in the air
Don't blame me for this accidentI would've know then, death was so near that day
I would've stopped then, perhaps it's too late to say
I could've loved you, I sat by you in history
This life is so short, now you're just a memorySteel wrapped around the pole
Hot blood streams on cold cement
Burnt flesh in the air
Don't blame me for this accidentAnd now you're just a memory
