

Girl Of Mine

Blue Rodeo

Girl of mine
Where did we go wrong Oh you never once said you loved me
And you never once called my name
And now I
I can see the way My memories like cigarettes
Blow smoke upon the screen
I stare up to the empty face
That hangs inside my dreams
In the words of love I hesitate
They all come rushing in to me
Too late too late Days and nights
Wondering what could it be Someone to see you through
Did you need somebody stronger
Oh girl I never knew Now your lipstick and your powder
They're all put away in drawers But the traces of our love affair
Still hide behind the doors
I lie awake afraid to sleep
Cause I see the face I knew I'd never keep
I'd never keep Too much to bear Too much I fall down drunk
Too much I care Tell me now
Do the words of love still seem the
Same to you
Now we learned the angry lessons And we still came back for more
Forget somehow what came before My senses have been shocked
And I'm alive to every pain
Your quiet laughter comes to me It echoes in the rain
In the darkness of my lonely room I pray that you won't fade
Away too soon
Too soon It's too much to bear
It's too much I fall down drunk
Too much I care
Oh...
