

Christmas (Baby Please Come Home)

Lady Antebellum

(Here we go)I'll have a blue Christmas without you
I'll be so blue just thinking about you
Decorations of red
On a green Christmas tree
Won't be the same dear
If you're not here with me
And when the blue snowflakes start fallin'
That's when those blue memories start callin'
You'll be doing alright with your Christmas of white
But I'll have a blue, blue, blue, blue ChristmasOh, no, no, noI'll have a blue Christmas without you
I'll be so blue just thinking about you
Decorations of red
On a green Christmas tree
Well it won't be the same dear
If you're not here with me
And when those blue snowflakes start fallin'
That's when those blue memories start callin'
You'll be doing alright with your Christmas of white
But I'll have a blue, blue, blue, blue Christmas
