

Watch Me Jumpstart

Guided by Voices

Watch me jumpstart as the old skin is peeled
See an opening and bust into the field
Hidden longings no longer concealed
Watch me bulldoze every bulldozer away
Each new obstacle from each old new day
Where it's going it's hard for me to say
And shoot me down
And bring me down
But I won't be around
As you run through the places you love
I remember the faces that cry
And they're pulling me back so I have to die
