Free Now To Roam

Spell

Free now to roam
Don't know where I'm goin'
Wish I were home
Wonder where it is

Not much to say
No one wants to listen
Dream through the day
Touch the world beyond

Always alone and people
all around me
I'll be on my way
When I know where I am

Yes, I'm still here
Cause I still see my shadow
I'll be on my way
When I know where I am
