Secret Love

Kelly Price

Uh, uh, uh, so, so, def

Cross us, you know not

(So, so, def, come on, clap yo hands)

'Cuz I'm full time here dough spot

(Come on, come on, come on)Full time blow spot ain't gone stop

(Come on, clap yo hands)

Keepin tha flow locked

(Come on, come on, come on)

Keepin' tha flow locked, come on I got a secret in my heart

And baby it's tearin' me apart

'Cuz I want the world to understand

That I love you and you are my manBaby we know that we belong

A love that is real just can't be wrong

Can't keep it inside for very long

This love is too strongSo ready or not here I come

(Oh come on)

I got a secret that I want you to know

Baby yeah, I can't hide what I feel insideBoy it's killing me baby

So why can't they see that I

I can't hide what I feel inside

Everyone should know

So just let it show babyBoy I feel it's time to let it go

We stayed on the hush, we kept it low

But I need to let my feelin's show

I can't take it no moreSo ready or not here I come

I got a secret that I want you to know

Baby, baby I can't hide what I feel insideBoy it's killing me baby

So why can't they see that I

I can't hide what I feel inside

Everyone should know

So just let it show babyI'm yours

(I'm yours)

I belong to you and

(I'm yours and I)You're mine

You belong to me

(The world should know you're mine)

Why can't they see

(Why can't they see)It's killin' me

(Yeah yeah)

Oh baby, I can't keep it secretI must release this, we can't keep it a secret

Fuckin' hush hush, need you in my life to complete it

Cuz ain't nobody like us together, let's grow old together

We never fold through whatever we roll, believe itWhen you get mad I'm heated I want the world to see it

When you happy my purpose never defeated

You got me, walkin' round, helpless, with no hope

I'm high off you selfish with mah dough

Lord pictured a vision of me and youIt'll never be anotha lova like boo boo, let's show 'em

Ignore whatchya home boyz say, they ain't knowin'

How we be keepin' it quiet long enough

What I feel inside strong enough to bustOpen the heart of tha hardest thug

Hop on this woodie when he need love

Can't hide, they see me shine when I ride this

Blow they inquirin' minds, it's you and I boyI can't hide what I feel inside

Boy it's killing me baby

So why can't they see that I

I can't hide what I feel inside

Everyone should know

So just let it show babyI can't hide what I feel inside

(Y'all know how we do over here)

(Y'all know how we do over here)

Boy it's killing me baby

(Y'all know how we do over here)So why can't they see that I

(Y'all know how we do over here)

I can't hide what I feel inside

Everyone should know

So just let it show baby
