A Look Into Your Heart

Wolfsheim

I remember every day, every year that pass the way
All the plans and all mistakes we made
She was unhappy, many wishes unfulfilled
So far I can understand life seems always much too hard to standIf I could take a look into your heart
I wish you my pain wholeheartedly
I knew it from the start, it's thunder in her heart
It's burning strong, she can't control itBurning deep inside, infecting her mind
Have you ever thought of me, turn around
Let life go on sixteen weeks since you were gone
Made me lose before I could have wonLook in my face, just reflections of yourself
Disappointment, best of hatred
Best of hatred, wholeheartedly
