

# Do Your Thing

## Buddy Guy

If the music make you move  
And you take the groove  
Groove on, groove on  
If you feel like you wanna make love  
Under the stars above, love on, love onIf there's something you wanna say  
And talkin' is the only way  
Rap on, oh, rap on  
'Cause whatever you do  
Hey, do your thing, do your thingIf you feel like you wanna scream  
And that's your way of lettin' off steam  
Scream on, scream on  
If you feel like you wanna sing  
And singing is your thingSing on, sing on  
If you wanna make love all night  
And you feel that it's right  
Right on, right on 'cause whatever you do  
Hey, do your thing, do your thing
