This Time

Wet Wet Wet

Oh, this time
I'm not gonna let you get away
Oh, this time
I'll find a way to make you stayWhen I say I love you
I'm serious
'Cause this timeOh, this time
I won't leave you alone
Oh, this time
I'll make this house a happy homeThere's nothing to change
About you girl
'Cause this timeThis time
I won't listen to what my friends say
Oh, this time
Gonna do everything my wayOh, this time
I'll change my attitude
Oh, this time
I'll make all your dreams come trueThis time
I won't stand to see you cry before I leave
Girl, you know I'd rather die
When the sun beats through my window
I'll be loving you and you'll be loving me
This timeThis time
I won't listen to what my friends say
Oh, this time
Gonna do everything my wayOh, this time
I'll change my attitude
Oh, this time
I'll make all your dreams come trueThis time
I won't stand to see you cry before I leave
Girl, you know I'd rather die
When the sun beats through my window
I'll be loving you and you'll be loving me
This timeOh, this time
Oh, this time, oh, please, please stay
Oh, this time, oh, please, please stay
Oh, this time, oh, please, please stay
