

# Sun Don't Shine

## Lil' Flip

I thank God everyday for pavin' the way  
'Cause he made me what I am today  
A young entrepreneur with amazin' talent  
In order to be the best you must take the challenge  
I'm tryin' a be number one 'cause number two don't matter  
People try to pull you down when you climb the ladder  
Niggaz hate to see you up but they love it when you down  
That's why I'm always quiet when I come around 'Cause talk is cheap, that's why I rap  
I'm gettin' NBA money with no salary cap  
Momma, it feel good puttin' money in your mailbox  
This for my niggaz locked up in the cell blocks Sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real, I gotta get away Sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real, I gotta get away In life, you go through joy and pain  
And when somebody close die, it give you a migraine  
And a whole lot a stress, a whole lot a tears  
Days turn into nights, nights turn into years  
I'm not happy here, I want another atmosphere  
I gotta get away, just to get my mind clear  
That's why I smoke so much, 'cause it relieve my stress  
Just imagine, everyday I gotta wear my vest I gotta watch my back 'cause niggaz plottin' a jack  
When you see these movin' like crack, you feel that  
And to my niggaz in jail, you better keep your head up  
And to my niggaz in the hood, keep your bread up But the sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real, I gotta get away Sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real, I gotta get away If I died today, shit, I lived my life  
And if I could do it again, I'd do it twice  
No mo' movin' white or shootin' dice  
Or creepin' late night tryin' a screw your wife  
'Cause I'm a changed man, with the heart of a lion  
Even if I was a midget, I'd fight a giant  
I never give up, I'm from the home of the Braves

I'm still ballin' like Pac, from the cradle to the grave  
But the sun don't shine  
That's why, I spit these rhymes  
To ease my mind  
For real, I gotta get away  
But the sun don't shine  
That's why, I spit these rhymes  
To ease my mind  
For real, I gotta get away  
Sun don't shine  
That's why, I spit these rhymes  
To ease my mind  
For real, I gotta get away
