Window And The Watcher

The Butterfly Effect

To the window the watcher came
From the sky the ashes rain
As we dance
Lost in cities paved with gold
There promises of fortune told
As we hide, walls are breaking on us all
Don't leave me out here one more day on my own
Can't give you up
Can't carry on
Don't leave me out here one more night on my own
Can't give you up
Can't carry on
Can't carry on
To catch the fire from the light
As we hide
Sleeping giants where they lie
And this time I don't know what I believe
And baby, I have seen the burning of the sun

I believe in, I believe in miracles for some of us
Don't leave me out here one more day on my own
Can't give you up
Can't carry on
Don't leave me out here one more night on my own
Can't give you up
Can't carry on
Can't carry on
I don't know what I believe
And baby, I have seen the burning of the sun
I believe in, I believe in miracles for some of us
Don't leave me out here one more day on my own
Can't give you up
Can't carry on
Don't leave me out here one more night on my own
Can't give you up
Can't carry on
Can't carry on
