

# **Lovely Mausoleum**

## **Big Tent Revival**

Breakdown out on the town

What are you gonna do?

No fun out on the town

Where have you come to? You know, you built a lovely mausoleum

For your soul Outside everything's bright

Making it on your own

Inside rotten and dried

Nothin' but dead man's bones Ain't it a shame, all of the world's a game

You can see everything circling down the drain

Ain't it a shame, all you've been fashionin'

Suddenly crashin' in

Surely you know, you built a lovely mausoleum Sunrise open your eyes

When are you gonna see?

New day coming your way

What is it gonna be? Your choice, your voice

You are in control

Jesus, Jesus

He will make you whole
