

# Standing On The Sun

## Beyonce Knowles

My body is magnified  
In the sun send me a light  
My body and your delights  
Burn me up send me a light  
I can't deny your desire  
Feel like I'm on fire  
When you touch me I feel the flames

Kicking at my feet ooh  
Can you feel the heat on my skin  
Can you feel all my loving  
You and me are standing on the sun  
Can you feel my heart burning  
Can you feel all my good loving  
You and me are standing on the sun  
STANDING ON THE SUN (LET IT BURN) (x4)
