

Heart and Hands

Devics

Keep close
Darling got me
He moves slowly from meHe's cold
Your eyes on me
He won't know that you got meSound asleep it's everything I want it to
In the light it fades away
Hold a dream and turn it into greyLast night I slept
Blowing rooftop
Fell over edge, falling,
Woke upSound asleep he's everything I want him to
In the light he is what he is
Hold him tight and watch him fade awayLove, is this running?
Am I stopping?
Will you hold?
Love, am I running?
I'm not stopping
Not for nothing.
Love, I'm just running,
I'm not stopping
Not for no one.Keep close, your eyes on me
As I go, darling lost me.
