Worst Thing I've Been Cursed With

Sparks The Rescue

Summer's over, I'm not worried
Who she's sleeping with this fall
Do I seem worried at all
She comes over, head on shoulders
I prepared to make the call
She didn't seem prepared at allYou and I watched the sun turn black
Take your time just to turn your back
Feels like a heart attack when you're gone
Feels like a
Heart attack, heart attack
Feels like a heart attack, heart attackWe made plans to get some coffee
Yeah and talk about that call
But we didn't talk at all
And it feels over in this moment
In this moment I feel small
Just preparing for the fall
Yeah!You and I watched the sun turn black
Take your time just to turn your back
Feels like a heart attack when you're gone
Feels like
Loving you was the worst thing I've been cursed with
Taking over my head and my verses
Feels like a heart attack when you're gone
Feels like a heart attack, heart attack
Feels like a heart attack, heart attackThis past July is to me just wrapped up in a bow
Just like all the other boys you have shacked up in your chatueaYou and I watched the sun turn black
Take your time just to turn your back
Feels like a heart attack when you're gone
Feels like
Loving you was the worst thing I've been cursed with
Taking over my head and my verses
Feels like a heart attack when you're gone
Feels like a heart attack, heart attack
Feels like a heart attack, heart attack
