Before They Knew

The Butterfly Effect

Were you holding father's hand?
Did your mother bleed
And Understand
How your whole life slipped away?
Fading under grade
Did the world around you fail?
And were you hiding for us all to see?
Did the world around you fails
When it all comes down on me
Is it dark within your mind?
Does your body ache for love sometimes?
Is it cold within your room?
Did you pray they'd come back with you?
Did the world around you fail?
When it all come down on me
The answer's
Always here
Beneath your skin
I'm not
Coming down
Does it feel like this?
Sometimes
When the world stops turning
Long before they knew
Does it feel like this?
Sometimes
When it all stops working
Now
It's alright
It's alright

It's alright we don't have to think about it
It's alright
It's alright
It's alright we don't have to talk about it
Ahuh, ahuh, ahuh we don't have to think about it
Ahuh, ahuh, ahuh we don't have to talk about it
Talk about it
It's all you ever need

The answer's
Always here
Beneath your skin
I'm not
Coming down
Does it feel like this?
Sometimes
When it all stops working
Long before they knew
Does it feel like this?
Sometimes
When the world stops turning around
It's alright
It's alright
It's alright
It's alright now
It's alright
It's alright now
It's alright
