

# Before They Knew

## The Butterfly Effect

Were you holding father's hand?  
Did your mother bleed  
And Understand  
How your whole life slipped away?  
Fading under grade  
Did the world around you fail?  
And were you hiding for us all to see?  
Did the world around you fails  
When it all comes down on me  
Is it dark within your mind?  
Does your body ache for love sometimes?  
Is it cold within your room?  
Did you pray they'd come back with you?  
Did the world around you fail?  
When it all come down on me  
The answer's  
Always here  
Beneath your skin  
I'm not  
Coming down  
Does it feel like this?  
Sometimes  
When the world stops turning  
Long before they knew  
Does it feel like this?  
Sometimes  
When it all stops working  
Now  
It's alright  
It's alright

It's alright we don't have to think about it  
It's alright  
It's alright

It's alright we don't have to talk about it  
Ahuh, ahuh, ahuh we don't have to think about it  
Ahuh, ahuh, ahuh we don't have to talk about it  
Talk about it  
It's all you ever need

The answer's  
Always here  
Beneath your skin  
I'm not  
Coming down  
Does it feel like this?  
Sometimes  
When it all stops working  
Long before they knew  
Does it feel like this?  
Sometimes  
When the world stops turning around  
It's alright  
It's alright  
It's alright  
It's alright now  
It's alright  
It's alright now  
It's alright
