Think

The Isley Brothers

Y'all ready?
Well, well can I get a witness
I wanna talk about something tonight, oohEverybody wants somebody
You can't show me a woman that don't want nobody
Everybody needs somebody and that's alright
But tonight you out there lookin' for somebody
But you'll never find nobody that will believe in
And love you like me baby and treat you
The way you wanna be treatedMistakes, oh I made a few baby oh, but I'm not perfect, woman
Neither are you, babe, you'll never find nobody, hey
To give you all the stuff you need you know what that stuff is, babe
And Lord, and make love, ah just the way you like it baby
I give you head, oh but don't be mislead, babe
Oh, you need to remember what I taught you in bed, I showed you baby
Oh now you got me down on my knees baby, beggingI know your friends don't like me, but they ain't about nothing
They ain't got nothing they always tryin' to stab and start something
But before you leave you need to think about it baby
You know you doin' it wrong baby, oh and you about to see that babe
We come too far, we come too far to turn around baby
Oh I put too much in you little girl, hey, oh yeahI know everybody wants somebody that makes sense
Everybody needs somebody and that's alright too
Oh but girl, tonight you out there lookin' for somebody
And that ain't no good you'll never find nobody that love you like me baby
And treat you, treat you, treat you the way a woman needs to be treated
Oh don't let your friends, don't let your friends ruin your home baby
They ain't got nothing they ain't got nothing
They send it home, send it home all aloneBut before you leave, oh think, whoa, use your head girl
Oh you need to think baby, call your lover's
Call 'em off baby they like dogs, greedy like hogs
Yeah, yeah, oh, you better think
