

# Different Kind Of Fine

## Zac Brown Band

She make a train take a dirt road  
Make it stop on a dime  
Make you wonder which way to go to  
make a man change his mind.  
She's a lawyer's queen and a truckers dream  
in a baseball hat fit for a queen  
A genuine, a different kind of fine  
Cadillacs and caviar, well that ain't how she rolls  
Implants and tummy tucks, she sure don't need those  
She's a cool drink of water when the summers mean  
Poured into those Levis jeans  
She's country as the day is long.  
She make a train take a dirt road  
Make it stop on a dime  
Make you wonder which way to go to  
make a man change his mind.  
She's a lawyer's queen and a truckers dream  
in a baseball hat fit for a queen  
A genuine, a different kind of fine  
Tan and lean like a long neck bottle  
In the passengers seat got her hand on the throttle  
She'll get you there right on time  
Lord, take you down to Tijuana  
Make you wanna slap your momma  
Gotcha all tore up  
Made you spill your dip cup  
A bona fide, a different kind of fine
