

# I'd Rather Be With You

## Doris Day, Les Brown And His Orchestra

Sitting here, on this lonely dock  
Watch the rain play on the ocean top  
All the things I feel I need to say  
I can't explain in any other way  
I need to be bold  
Need to jump in the cold water  
Need to grow older with a girl like you  
Finally see you are naturally  
The one to make it so easy  
When you show me the truth  
Yeah, I'd rather be with you  
Say you want the same thing too  
Now here's the sun, come to dry the rain  
Warm my shoulders and relieve my pain  
You're the one thing that I'm missing here  
With you beside me I no longer fear  
I need to be bold  
Need to jump in the cold water

Need to grow older with a girl like you  
Finally see you are naturally  
The one to make it so easy  
When you show me the truth  
Yeah, I'd rather be with you  
Say you want the same thing too  
I could have saved so much time for us  
Had I seen the way to get to where I am today  
You waited on me for so long  
So now, listen to me say:  
I need to be bold  
Need to jump in the cold water  
Need to grow older with a girl like you  
Finally see you are naturally  
The one to make it so easy  
When you show me the truth  
Yeah, I'd rather be with you  
Say you want the same thing too  
Say you feel the way I do
