

# Sun That You Are

**Linda Ronstadt**

Sun, round and red  
Like a copper wheel  
Daily you are looking at me  
Daily you see me poor.Sun that you are  
So fair to everyone  
As you spread your light  
You should teach my boss  
How to be the same as you.  
You see me with the plow  
Later with the sickle  
One time on the plains  
And other time on the hillside
