Tabea

You are young
You're still young and you're searching for fun
In our world there is not one thing new
Generations - they come and they go
To enjoy and to deal and to know

You can do what you want, cold or fond
Our planet will still be the same
There's no sense and if you long for any fame
You have to accept, it's in vain

So take God seriously, follow commandments of him
Keep in mind, He's the Lord of the world, who judges all deeds and all sin

Oh yes, evrything to come, my friend, is meaningless
For youth and your verdure very fast will go by
A time to be born and a time to die
There's a time to laugh and a time to cry
Once you're down and once you're high

You have dreams
You have dreams of large wealth and of health
All people will honour your name
There's no sense and if you long for any fame
You have to accept, it's in vain

So take God seriously, follow commandments of him
Keep in mind, He's the Lord of the world, who judges all deeds and all sin

Oh yes, evrything to come, my friend, is meaningless
For youth and your verdure very fast will go by
A time to be born and a time to die
There is a time to laugh and a time to cry
Once you're down and once you're high

Oh yes, evrything to come, my friend, is meaningless
For youth and your verdure very fast will go by
A time to be born and a time to die
There is a time to laugh and a time to cry
Once you're down and once you're high
