

Three Ways

The Wallflowers

There's three ways out of every box
Fall out the bottom or you crawl out the top
There's three ways out of every, every box And if you can't find your way out
Then you just burn it to the ground
And then you'll disappear
Like smoke into the clouds There's three ways off a merry-go-round
You either jump or you let it slow down
There's three ways off a merry-go, merry-go round And if you can't put your foot down
Then you just burn it to the ground
Then you walk away
Real slow back into the crowd There's always somebody there for a laugh
Then you're the only one that's left
Now that's what you get
Left behind in the wreck There's three ways off a burning bridge
You pray for rain or you learn how to swim
There's three ways off of every burning bridge But if you can't find strength and you quit
Then you can just burn up and sink
Then you'll drift away
Real slow down into the ground
