

Paradise

O'Yaba

Verse 1:

I had a dream of a lifetime
A dream of a land sent from above
And there I was standing with the signs
A colourful mountain where it flows like the sea
I felt like I belonged to that place
When the angels stretched their wings to fly
Singing like a choir holding hands up to the sky

Chorus

I tell you it was paradise
Ooo paradise
paradise wowowohooo x4

Verse 2:

Everything whats the evil of the truth
With the boys chasing each other while the girls picking up their flowers
There I was standing in the midst shining like a star surrounded by the dark
I felt like I belonged to that place when the angels stretched their wings to fly
Singing like a choir holding hands up to the sky oh tell if this is paradise oh tell me mama

Chorus:

paradise
paradise wowowohooo x4

break

(add lib and paradise till fades)
