

Kiss Myself

G.R.L.

[GRL]

As I walk pass the mirror
Something caught my eye
Oh, it could be the liquor

But I can't deny

Damn, I look good

Damn, I feel nice

Uh, I'm on fire

I just had to look twice

'Cause tonight I'm feeling like

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself If they don't love you

Gotta love yourself

Don't let them be above you

And no one else

Damn, I look good

Damn, I feel nice

Uh, I'm on fire (fire fire fire)

I just had to look twice

'Cause tonight I'm feeling like

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself Look at myself, who could that be?

Looking so fly in this Givenchy

Boys are under, boys wanna kiss

Please don't try it, look at this miss

Bout time I'm feeling better

Talking with my exes, so whatever

Hang with my girls, we stick together

Baby, you're not weak I would stand forever

I wanna kiss myself

I wanna kiss myself

I wanna kiss myself
I wanna kiss myself
