

Cycle Set

Donna Loren

They go a lot of places and they have a lot of fun
Hill climbing in the mountains or for a desert run
Oh, when I get a little bike, now, you can just bet
I'm gonna be a member of the cycle set I'm gonna take my money and I'm gonna put it away
And bank every paycheck when it comes to payday
I'm gonna pay it up in cash so I won't be in debt
Then we'll ride my bike with the cycle set (We gonna ride, we gonna ride, we gonna ride, we gonna ride) I saw a
little bike and the price was just right
So I'm gonna take my money and I'll pick it up tonight
And with a swingin' guy that I just met
We gonna ride together with a cycle set
We gonna ride together with a cycle set (Ride little cycle, ride little cycle, ride little cycle ...)
