

# Red Sky At Night

## The Accent

Red in the night (red in the night)  
Shepherd's delight (shepherd's delight)  
Red in the morning  
Shepherd's warning

Sky's glowing  
Retching when this boy's worried  
Think of what Mama said  
Needn't have hurried

[Guitar Break]

Night's over  
I can see dawn breakin'  
What's that strange glow?  
This boy's shakin'

Red in the night (red in the night)  
Shepherd's delight (shepherd's delight)  
Red in the morning  
Shepherd's warning
