In the Light

The Lumineers

I don't know why I just can't let it go
I don't know why I just can't let it goMemory's old but I just can't let it go
The idea's gone but I just can't let it goTime, give me my yesterdays
Save it for all you had in your eyes, I have gone awayFate
Dealt you a tricky hand
Now you're just left alone in your mind
And I have gone awayI don't know why I just can't let it go
Memory's old but I just can't let it goIn the light, right here in the light
Right here in the hold me and don't you ever let this dieRight here in the light
And in the day time
Right here in the
Hold me and don't you ever let this dieIn the light
And in the daytime
Right here in the light
