

No Way

Fifth Harmony

I know you don't want me anymore by the look on your face
They say when it rains it pours, you can tell by my face Oh and I know, and you know that we've been here
before

I think I know how it should end
We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them,
Friends with insanity as of lately Everyone comes with scars but you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way

Way, way, no way, no way When I look in your eyes I see through to my soul
I know the core of you is good, you're my tarnished hero Oh and I know, and you know that we've been here
before

I think I know how it should end
We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them
Friends with insanity as of lately Everyone comes with scars but you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way
Way, way, no way, no way
No way
