

# Here We Go

## Sleeping With Sirens

So here we go  
You got one more chance to make it  
You better not lose control  
Before everyone forgets your name This will always be mine  
It's so much more than just a dream to me  
And I will never be fine  
With letting you ruin everything And I will never fucking follow your lead  
Give up on you so you can take it out on me  
I'm sorry that you had to watch your life come tumbling down  
Now is my time and I'm ready to go Here we go  
You got one more chance to make it  
You better not lose control  
Before everyone forgets your name (x2) You've always been the one to criticize me  
Because I'm not like you, you see  
The way you've been living your life  
There's nothing there worth holding on to But I will never fucking understand the hate you have for me  
Cause I only have one shot at this  
The past is past  
Move on to better things Now is my time and I'm ready to go Here we go  
You got one more chance to make it  
You better not lose control  
Before everyone forgets your name (x2) Here we go  
You got one more chance to make it  
You better not lose control  
Before everyone, everyone forgets your name Yeah This is your time  
You better take it  
You better never let it go  
This is your time you better make it  
It could be gone before you know Don't pick it up! Here we go  
You got one more chance to make it  
You better think before  
You go and throw it all away! Here we go  
You got one more chance to make it  
You better not lose control  
Before everyone forgets your name (x2)
