

# Seasick

## TV Ghost

What can we do  
To make this worse  
Where can we lay down  
Blanket of fallen leaves  
    Too fair, too sweet  
    Scatter dry heaves  
    My stomach's turning  
    Floorboards keep moving  
    Ruptured on casualties  
    No immunity  
At least that's is how it seems  
    Don't make a sound  
    It throws me off  
    My center of gravity is lost  
Don't fake alarms, don't siren off  
    Don't make a sound  
    It throws me off  
    Branches enclose  
    These walls won't hold  
    Turn tail from the paramour  
    And look to the family tree  
    Or let them see  
    Cause it buried too deep  
    Don't make a sound  
    It throws me off  
    My center of gravity is lost  
Don't fake alarms, don't siren off  
    Don't make a sound  
    It throws me off  
    If you only knew  
  
    Trying to move  
    Trying to move  
    Keep my head high  
    We made a life  
    We made a life  
        Visualize  
    Objects in sky  
    Objects in sky

If you only knew  
Thought this would leave us  
On the ground, we will  
Taste this,  
On the ground, I will  
Be there,  
On the ground, waiting  
Patient  
On the ground  
She sways over to me  
Pointing overboard, but I can't see nothing  
She sways over to me  
Shes still going on, but I cant hear anything  
She sways over to me  
Pointing overboard, but I can't see nothing  
She sways over to me  
Shes still going on, but I cant hear anything  
Don't make a sound  
It throws me off  
My center of gravity is lost  
Don't fake alarms, don't siren off  
Don't make a sound  
It throws me off
