Naked Sleep

Anggun

I wanna touch you
I wanna hold you
I wanna feel your hands and hear you say
I wanna touch you
wanna hold you
Im yours forever one more day
Cause tonight theres only love
Nothing else should be sad
Cause tonight theres only peace
A naked sleep, in a naked bed
I wanna touch you
I wanna hold you
Wanna feel the weight and hear you say
I want you to touch me
I want you to hold me
You're mine forever one more day
Cause tonight theres only love

Nothing else, dont forget
Cause tonight theres only peace
A naked sleep In naked beds
Saved from loneliness
I reach to touch your face
I meet the soulty taste of you
Fear might never rest
but I wont go for less
I will go for more too
Wanna touch you
Wanna hold you
Im yours forever one more day
Wanna touch you
Wanna be with you
A naked sleep in naked beds.
I
