

All I Wanted

Flamin' Groovies

All I ever wanted to do
Was love you
All you ever did was
Make me cry
All I's ever doin' was
Thinking of you
But all you really did was
Tell me lies
I just wanted to live my life
Be happy
But you're determined that
You'll make my life sad
I can't go on feeling the way
I do girl
Cause the things you've donea
Hve got me real mad
All I wanted
Was your love
Wide-eyed girl better
Run home to your mama
School-girl baby
Don't play your games with me
You will find
You may get burned quite badly
Or stung
While takin' honey from the bee
All I wanted
Was your love
