

# Young Love

## The Crests

Young Love Is Waiting.  
Oh Young Love is waiting waiting  
Underneath the moonlight  
Oh in the sky so bright  
If you would only find her  
She'll be in your arms tonight, tonight, tonight  
Young love is something that money can't buy  
And here's a little secret  
You can find it if you try  
It's high on a mountain or way out at sea  
Wherever you are  
Young love will be  
I used to be alone  
No one to call my own  
I searched for my love everyday  
And then I met her there  
Someone who really cared  
At last young love had come my way  
Young love is something  
that money can't buy  
And here's a little secret  
you can find it if you try  
It's high on a mountain or way out at sea  
Wherever you are  
Young love will be  
Wo Wo  
Young Love  
Wo Wo Wo  
Young love  
Wo Wo Wo
