Soul On Fire

Him

There's a flame that leads our souls astray
No one's safe from its tender touch of pain
And every day it's looking for new slaves
To celebrate the beauty of the grave
We are like the living dead, sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead, craving for deliverance
With a frozen heart and a soul on fire
And again we're falling for disgrace
And hate will shelter us from the rain
We are enslaved by the sacred heart of shame
And gently raped by the light of day
We are like the living dead, sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead, craving for deliverance
With a frozen heart and a soul on fire
Addicted to our divine despair
The venom of the cross we bear
The guilt will follow us to death
We are like the living dead, sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead, craving for deliverance
With a frozen heart and a soul on fire
With a soul on, soul on, soul on fire
Soul on fire, soul on fire
