Believe

Yellowcard

Think about the love inside the strength of heart
Think about the heroes saving life in the dark
Climbing higher, through the fire
Time was running out
Never knowing you weren't going to be coming down alive
But you still came back for me
You were strong and you believedEverything is going to be alright
Everything is going to be alright
Everything is going to be alright
Be strong, believe
(Be strong, believe)Think about the chance I never had to say
Thank you for giving up your life that day
Never fearing, only hearing voices calling out
Let it all go, the life that you know
Just to bring them down alive
And you still came back for me
You were strong and you believedEverything is going to be alright
Everything is going to be alright
Everything is going to be alright
Be strong, believeWant to hold my wife when I get home
Want to tell my kids they'll never know
How much I love to see them smile
Want to make a change right here, right now
Want to live a life like you somehow
To make your sacrifice worth whileEverything is going to be alright
Everything is going to be alright
Everything is going to be alright
Be strong, believe
