

Wayamaya

Lana Del Rey

[Verse 1]

He was a big wave surfer
Living down by Waimea bay
We had a few friends
Never thought it would end
I remember an all white day
With eight story waves
He said, "Your eyes are grey" (Beautiful)
We were living on Coeur d'Alene
On Carol lane, sun Manta Ray[Chorus]
Driving in our Mercury down to Waimea
Driving in our Mercury
Driving in our Mercury down to Waimea
Driving in our Mercury[Verse 2]
I remember we came in May
And we changed our names to Lana and Rey
We'd be up 'til the sun rose, ay
I'm in gold LamÃ©, your pink floral haze[Chorus]
Driving in our Mercury down to Waimea
Driving in our Mercury
Driving in our Mercury down to Waimea
Driving in our Mercury
