

Rock & Rollers

Angel

Rollin' down the highway
I got a feeling when the clock strikes nine
We're gonna have ourselves
Yeah, a real good time We're feelin' more excitement
I got my ticket in my hand
We're gonna keep on rockin'
To the beat of the band, so play it for me, yeah The show is just beginning
And the lights have all gone down
The curtain's ready to rise
The spots are bright in our eyes They brought down the whole house
As they walked out on the stage
They're coming on with a song
That's so hot and so loud, so play it for me, yeah Rock and rollers
We gonna see ya tonight
Rock and rollers
We gonna be there tonight Can't help but move, yeah
Stomp my feet to that rock and roll beat
The band is hot, come on, yeah
We like it a lot and so play it for me Rock and rollers
We gonna see ya tonight
Rock and rollers
We gonna be there tonight Rock and rollers
We gonna see ya tonight
Rock and rollers
We gonna be there tonight Can't help but move, yeah
Stomp my feet to that rock and roll beat
The band is hot, come on, yeah
We like it a lot, so play it for me Rock and rollers
We gonna see ya tonight
Rock and rollers
We gonna be there tonight
