

# Forever

## Mariah Carey

Those days of love are gone  
Our time is through  
Still I burn on and on  
All of my life only for you From now until forever  
And ever, my darling, forever  
You will always be the only one  
You will always be the only one As long as I shall live  
I'll hold you dear  
And I will reminisce  
Of our love all through the years From now until forever  
And ever, my darling, forever  
You will always be the only one  
You will always be the only one If you should ever need me  
Unfailing, I will return  
To your arms  
And unburden your heart And if you should remember  
That we belong together  
Never be ashamed, call my name  
Tell me I'm the one you treasure Forever and ever  
I know that forever  
You will always be the only one  
You will always be the only one  
Oh baby, you will always be the only one Forever, you will always be the only one  
Forever, you will always be the only one  
Forever, you will always be the only one  
Forever, you will always be the only one  
Forever, you will always be the only one
