

# Megatronic

## Powerman 5000

Don't you know what I've got you always got?

Can see right through you

Through the lies and through the trouble

Tricks and check what you are doing

When you're crying in the corner

Over there you seem pathetic

Yeah, now drop this mega bombshell

'Cause believe you won't forget it

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know how I stand up?

You're brainless if you've got one

Wasting it, they're here to take us

Now I'm louder than a shotgun

Load it down and don't give up

And put some plastic, steel and wire

When I rock, I rock the planets

Maybe later I'll retire

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Let it go and let it fly

And let it bust into the new world

Let it live or let it die

A message sent, it was so wacky

Almost gone and almost gone

And if it's gone, it's gone forever

And they're trooping with their training

Because no one does it better

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know

I am the Megatronic?

Don't you know

I am the one?

Don't you know

I am the Megatronic?

Don't you know

I am the one?
