

Candy-O

The Cars

Advisory - the following lyrics contain explicit language:

Candy O, I need you
Sunday dress, ruby ring
Candy O, I need you so
Could you help me in? Purple hum, assorted cards
Razor lights you'll bring
And all to prove you're on the move
And vanishing Candy O, I need you so
Candy O, I need you so Edge of night, distract yourself
Obstacles don't work
Homogenize
Decentralize
It's just a quirk Different ways to see you through
All the same in the end
Peculiar your star, a that's who you are
Do you have to win? Candy O, I need you so
Candy O, I need you so Candy O, I need you so
Candy O, I need you so
