

Kill Me Heal Me

Skillet

Break my bones and reset me
Piece by piece you break me
Pick up the cross
'Cause it's killing time How can I scream when the pain is
Such a release I get the courage
To pick up the nails
'Cause it's killing time Kill me, heal me
Kill me, heal me
On and on Kill me, heal me
Kill me, heal me
On and on Breathing your love
You're ferocious
You're in my lungs, resuscitate
Craving your electricity Feet to my pain you give
Wings to my fear your peace
Inhabits my blood
Your love is thick Kill me, heal me
Kill me, heal me
On and on Kill me, heal me
Kill me, heal me
On and on I can't live without it
I can't live without it
I can't live without it
I can't live without it Kill me, heal me
Kill me, heal me
On and on Kill me, heal me
Kill me, heal me
On and on Kill me, heal me
Kill me, heal me
On and on Kill me, heal me
Kill me, heal me
On and on
