

Burning

Monrose

Big city life, big city night
In the middle of cars and lights
You came, made everything right
With a touch of love Didnt really wanna let you in
Took a time to get under my skin
Wanna see you again and again
And now Im all shook up You dont make me feel lonely
You dont try to control me
Treat me like Im the only
Boy Im burning up You can tell that I want cha
It gets stronger and stronger
I cant hold it much longer
Boy, Im burning up (Im burning up)
Im burning Burning (3x)
Baby Im burning
Burning (3x)
Baby Im burning
Burning (3x)
Baby Im burning
Burning (3x)
Baby Im burning Hooked up on a Saturday night
Like a breeze in the hectic life
On the street in the morning light
Were just one on one Spent everyday on the phone
Made me feel that I wasnt alone
Didnt think it could be this strong
Were just one on one You dont make me feel lonely
You dont try to control me
Treat me like Im the only
Boy Im burning up (Im burning up) You can tell that I want cha
It gets stronger and stronger I cant hold it much longer
Boy, Im burning up (Im burning up)
Im burning Burning (3x)
Baby Im burning
Burning (3x)
Baby Im burning
Burning (3x)
Baby Im burning
Burning (3x)

Baby Im burningBig city life, big city night
In the middle of cars and lights
You came made, everything right
With a touch of loveHooked up on a Saturday night
Like a breeze in the hectic life
On the street in the morning light
Were just one on oneYou dont make me feel lonely
You dont try to control me
Treat me like Im the only
Boy Im burning up (Im burning up)You can tell that I want cha
It gets stronger and stronger
I cant hold it much longer
