

Apocalypse Dreams

Tame Impala

This could be the day that we push through
It could be the day that all our dreams come through
For me, turning at the end just to look
You're too terrified to try your best
Just to end up with an educated guest
Life obsessed, let us dance you wake up mystified Oh I feel so real in my sleep, let the? step in too closer to?
? could this be, yeah, do you let the? feel
Everything is changing and as my thing... I cant run
My voice?, my hand just sitting in and Whoa, and Im getting closer, will I ever get up, does it even matter?
Do I really need this? Who shall I command now?
Whoa, and Im getting closer, will I ever get up?
(This could be the day that we push through)
Does it even matter, do I really need this?
(It could be the day that all our dreams come through)
Whoa, and Im getting closer, will I ever get up? Oh I feel so real in my sleep, let the? step in too closer to?
(Does it even matter, do I really need this?) Nothing ever changes, no matter how long you do your thing
Look the same, everyone? is changing,?
But children?
