

Quiet Riot

Devin Townsend

I wait for the pain
It always comes again
And I don't know why
And I don't care why
Anymore Saved in the end
By an almost friend
And I don't know why
And I don't care why
Anymore And the rain it keeps on comin'
And the rain it keeps at bay, for another day. So thank you John Michelle
I'm on my way to hell
And I don't know
And I don't care why
