

Shake

P.M. Dawn

Shake, shake, shake, shake

Any females in the house
Any females in the house
Any females in the house
Any females in the house
I've been

[Chorus x2]

Shake, shake (one time)
Shake, shake (two times)
Shake, shake (one time)
Now bring it back again

It's not about how I've been
'Cause I've been truly blessed
But through constant battles with reality
I dangle from the strength stress

Maybe you can't call me lucky
Maybe you can't call me lucky
But I've got an ace in the hole
And it still turns blue
Now who's fault is that

I don't think you know the sound
I don't think you know the sound
There's a chip on your shoulder
And your weight on the back
There's a thousand pounds and then

Time okay time
Who composed the PM Dawn place time
Who composed the world and at the same time
Makes your body rhyme with your soul and mind

The world could be over
But I'm a soldier
But try me if you like
But you'll get nothin'

'Cause I

[Chorus x2]

What would you do in my position
Would you let them get you down
What would you do in my position
Would you let them spin you around

What would you do in my position
Would you let them inside you
What would you do in my position
What would you do in my position
Stop

Yeah!

'Cause I

[Chorus x2]

Everyone get out of your bodies (Repeat x8)
And

[Chorus x2]

Everyone thank Todd Terry (Repeat x6)
Everyone can thank Todd Terry (Repeat x2)
