Mercy

Jc Chasez

Yeah, yeah
Whoa
Oh, yeah
Yeah, yeah, yeah
It's like your blood runs through me, baby
(Baby)
And I can't get you out my vein
A lust for you electric lady
(Whoa)
The affliction to my pain
And the skies will fall
Without you I'm inside of a hurricane
I would sell my soul
No, no, no, no, no, no, no, no
(I need mercy)
It's the insanity eating up the man in me, girl
(I need mercy)
All of my fire's, my burning desire's, for you, see
(I need mercy)
And it's just so painful to sit here
And think about you with them, oh no
(I need mercy)
I pray one day that you will be with me, girl
I would never let you go
I, I, I
Bloodshot eyes and I'm so wasted
Why, why?
Why do I fight when I can't make it?
I'm at the end of my rope, baby
(Whoa, whoa, whoa)
I'm pulled apart from all the strain
I would break the law
There's nothing in this world I wouldn't take
I would sell my soul
But I can't, but I can't, but I can't, no 'cause
(I need mercy)
It's the insanity eating up the man in me, girl
(I need mercy)
All of my fire's, my burning desire's, for you, see

(I need mercy)
And it's just so painful to sit here
And think about you with them, oh no
(I need mercy)
I pray one day that you will be with me, girl
I would never let you go
For you, girl I would sell my soul
I would even break the law
There's nothing in this world I wouldn't take, oh yeah
And even if the skies would fall
I pray to God you'll hear my song
Without you I'm inside the hurricane
(I need mercy)
It's the insanity eating out the man in me, girl
(I need mercy)
All of my fire, my burning desires
(I need mercy)
And it's just so painful to sit here
And think about you with them, oh no
(I need mercy)
(Oh no)
I pray one day that you will be with me, girl
I would never let you go
Oh no, no
No, no, no, no, no
Yeah
I need mercy
I need mercy
I need mercy
I pray to God I'd hold you again
(I need mercy)
Mercy baby, mercy baby, mercy, mercy, mercy
(I need mercy)
Mery mercy baby, mercy baby, mercy, mercy, mercy
(I need mercy)
Mercy baby, mercy baby, mercy, mercy, mercy
(I need mercy)
Mery mercy baby, mercy baby, mercy, mercy, mercy
(I need mercy)
Mercy baby, mercy baby, mercy, mercy, mercy
(I need mercy)
Mery mercy baby, mercy baby, mercy, mercy me, yeah
I need mercy
