Reason

Jesse James Dupree

You are the reason
Like dust on the floor it's swept away
Yeah, you are the reason
For the ashes of the day

The hand that fans the flame
The here and now cast an ugly shadow
You can talk about it
When I would scream about

I can't listen anymore
You can analyze me
You can criticize me
But I can't take it anymore, no more

You are the reason
And all you think and feel is a must
Now you think for me
I can feel for you

And I'm choking on the crust
Of your priceless advice
Now is here
And it's hard to swallow

You can talk about it
Where I would scream about
I can't listen anymore
You can analyze me

You can criticize me
I can't take you anymore
You are the reason
That I have a reason

To never reason with reason
So here's you another reason
Oh and if I make you sick
Yeah, I make you sick

'Cause I don't want to change the world
You can talk about it
Where I would scream about
I can't listen anymore

You can analyze me
You can criticize me
I can't you anymore
I can't you anymore

No, no, no, no
You think I'm rude and crass
I think you're a candy ass
I can't take you anymore
