

In Paradise

Jackie Edwards & Judith Mowatt

Under a tree, in the garden of Eden
we're here, just my love and me
I found my love and I hold him so close
He is mine, he is mine
in paradise
oh lonely sighs
oh tender eyes
two hearts as one together
our love can't be denied
he's in my arms
and he's crazy for me
we're in love
we're in love
in paradise
Darling, she whispered in my ear
I love you with all my heart
I told her, I love you too
you and I will never ever part
Strong are his arms
tender his plea
we too will live together for eternity
he's in my arms
and he's crazy for me
we're in love
we're in love
in paradise
