

# Prison Break

## Manifest

I could never say no  
Making my veins glow  
Take another one  
Try to let the pain go I know its killing me  
Its not my destiny I float in outer space  
Im in another place  
Then I black out  
Wake up and Im so afraid This burden's suffocating  
By a thread Im barely hanging All the nights, and all the lies you sold to me  
I sacrificed and lost a time Ill never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought Id fall  
Ill make this prison break Suffering the same road  
Stuck in the same clothes  
When I try to run  
Hunt me in my cage closed My world is twist and tattered  
My heart is beat and battered Even when Im shaken  
About to cave in  
My faith rises  
I can feel my spirit raging I pray and someone hears me  
Today Im done believing All the nights, and all the lies you sold to me  
I sacrificed and lost a time Ill never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought Id fall  
Ill make this prison break I wont keep walking blind  
I wont let down my eyes  
You wont fool me this time Take control of my life  
Manifest in the light  
I wont lay down and die! All the nights, and all the lies you sold to me  
I sacrificed and lost a time Ill never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought Id fall  
Ill make this prison break
